AISMS CHMCT is a place where I grew. I still remember very clearly, the first day I stepped into the college and my graduation day three years later! There was a tremendous change in my personality. The college helped me shape my career in the industry! Initially I was clueless about the hospitality industry, the faculty were such good mentors that they directed me not only with understanding the subjects well but also with choosing a career path. I grew up to be a more confident young man as I was equipped with the required skill set for setting my foot in the industry. It is at AISMS CHMCT that I learnt my potential has no limits and I could push myself beyond, to be the best! I interned at the Ritz Carlton Hotel company, Bangalore which was a brand new hotel, the theoretical knowledge that I had was now supported with the full fledge hands-on experience, with real guests even before graduating!

It’s been almost 4 years since I left AISMS, and I am very proud where I stand in my career, AISMS CHMCT has a very big hand in shaping my career!

Cheers!

“It is not until your adult life and you go through many events & circumstances that you truly appreciate college as one of my most valuable & enriching experiences. AISMS has given me a chance to sharpen my skills in my area of interest - HOSPITALITY. There have been many opportunities to learn more ways of improving my craft which I am truly thankful for. For example, the bakery and food production has taught me many tips and rules that I was unaware even existed. The Front office taught soft skills and interaction with guests while Housekeeping went a far way to improving the way I plan and organise myself, and would still be unaware of, had it not been a part of my learning. This only taught me that I still had much to learn despite what I thought I knew; and this only allowed me to improve my skills give me more confidence in my area. And as a result, this has helped me in achieving a highly rewarding career.”
