NEEL Hualkar

Neel is trying to go abroad for studies. In the meantime wanted some guidance on how to go about working in HR, in India. Shared the pointers on how to go about it.

He appears to be serious about wanting to get a job in F&B. Told him that the clarity about where he sees himself in future will be better.

Have instructed him to follow a few university where our previous students are studying.

He has to focus more on technical focus on improving communication skills, have to learn to focus on how he comes across as a body language.

He should appear for interviews to gain more confidence.

Shweta Kamble

Shweta is a final year CI student. She is looking for openings in front office in Star & 5 star Hotels in Pune.

She has been appearing for campus interviews but so far shortlisted in one, for housekeeping, but not selected.

Met her & her mother closer to the end of the semester. She really wishes to start a job ~~so~~ ~~as~~ as soon as possible. Her mother is also worried and concerned as much as she wishes to join, fit for fr. off. dept is challenging. As all top hotels have already completed a camp I suggested her for HR or at least try second tier 5 star hotels instead.

I have met her personally twice after, and tried arranging interviews. She was given hotel interviews Holiday Inn, Marriott & she appeared Seasons, Fortune Inn, Sayaji and beside she regretted.

Will be going to St. Laura K P tomorrow. If it doesn't work out, some new plan needs to be in place.

Piyush Agrawal

Piyush wanted to know about all options after finishing college. Informed about all options and options regarding further studies

Piyush

Has not appeared for many interviews and the ones he has failed to clear in the initial rounds met him to discuss about and guide / counsel him for the same.

Have given him pointers to further improve his body language communication and basics of first year. He understands his shortcomings and he is willing to work on it. I have asked him to read more and watch english news to make him aware of news and current affairs. He has to work on his core area of interest. He might in future go abroad for internship.

Has been checking with me abt CTP offer under ITTG. I checked with the co. They say that CTP stands for Centralised talent pool. It means that it is a centralised pool of selected candidates. As and when vacancies arise, the candidates are picked by properties all around India. Though selected, the allocation is done only when an individual property picks up a candidate as per their choice & fit.

His knowledge gave clarity to Aditya, but I also added concern over his status of successful selection, as it was dependent on timely vacancies. On Culinary, it is also rare.

EVENT REPORT:

This orientation was conducted for second year BHMCT students who have their training scheduled in the month of June 2019 for a period of twenty weeks under Savitribai Phule Pune University curriculum. The main aim of the meeting is to group counsel the students along with their parents, the options available for training, domestic as well as International internship.

It started with the presentation by Training & Placement cell on Industrial training. It was followed by Principal's address on industrial training. She advised on the pros and cons of both, the domestic as well as international training and tried to provide genuine information. The session had three agents who guided students on various opportunities for international internship. The first session was by Mr. Vipul Mehta from Kareer Krafters, followed by Mr. Gaurav from Eduvator Overseas and Mr. John Bunter from GEM placements. The Parents orientation session winded up with tea and refreshments to enable parent-teacher interaction and clear doubts / concerns if any.
